COURSE DESCRIPTION

The purpose of this seminar is to provide nurses who have attended and completed the requirements of a basic Sexual Assault Nurse Examiner Training Course with knowledge specific to the pediatric sexual assault examination. This intense four-day seminar will include 32 hours of specialized training October 4-7, 2005.

This training does not “certify” the nurse to perform pediatric sexual assault exams. Satisfactory completion indicates that the nurse has attended the training. Post clinical requirements will be recommended and that will become the responsibility of the nurse to arrange after the didactic course.
