This 40-hour didactic course is geared towards the Registered Nurse, but is informative for physicians, law enforcement officers, prosecutors, and victim advocates. It is designed to provide a comprehensive education program in the complete assessment, evaluation, and treatment of the adult sexual assault survivor.

Upon completion of the 40-hour didactic training, there is a post-training clinical requirement that must be completed according to the nurse’s scope of practice and guidelines of the training course.

Days 1, 2, and 5 are suggested for prosecutors, law enforcement officers, and victims advocates. RNs MUST attend ALL five days of the training to receive contact hours. This course meets the educational guidelines of the International Association of Forensic Nurses.

Linda E. Ledray, PhD, RN, FAAN, SANE-A, developed the Sexual Assault Resource Service in Minneapolis in 1977 and has been the director since its establishment. One of Dr. Ledray’s greatest accomplishments is a nursing-focused service delivery model that provides responsive treatment for sexual assault survivors. There are currently more than 120 functioning SANE programs across the country. Dr. Ledray has taught nationally and internationally on sexual assault issues and has authored the book, “Recovering From Rape.”

Sponsored by MUFSC and WV FRIS, funding for this training is provided by Award #2001-RC-CX-KD02 from the Office of Justice Programs, National Institute of Justice, Department of Justice. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the Department of Justice.
